

REDUCE YOUR WATER BILL BY FOLLOWING THESE SIMPLE STEPS

- Run only full loads in your washer and dishwasher, or match the water level to match the size of the load.
- Install low flow faucet and showerheads.
- Turn off the water while brushing your teeth.
- Turn off the water while shaving.
- Take shorter showers.
- Keep a water pitcher in the refrigerator rather than running the tap water till its cold.
- Purchase appliances with cycles that fit your water needs.
- Water your lawn only when it needs it.
- Water in the early morning or late evening.
- Keep your pool covered to prevent evaporation.
- Give the lawn a good soaking for longer lasting benefit.
- Plant according to the soil and sunlight conditions.
- Be sure to mulch your plants trees and shrubs.
- Use brooms for cleaning and water for watering.
- Always use a bucket and sponge when washing the car.
- Raise your mower settings in dry weather.
- Disconnect outside hoses in cold weather to prevent freezing and leaks.
